BACKGROUND AND PURPOSE

The Associated Students (AS) of San Francisco State University, in its commitment to diversity and inclusiveness, recognizes that, within the organization and entire campus community, many of its members use names and pronouns other than the names or pronouns assigned to them at birth to identify themselves. AS also recognizes that, transgender and gender nonconforming people have been historically marginalized and oppressed, and continue to be subject to severe discrimination and violence today. Further, AS also recognizes the need of international students, victims/survivors of domestic violence, foster children/youth, or people under witness protection, etc., to be able to go by the name with which they identify. Therefore, it is the role and responsibility of AS, an organization committed to social justice, to be in solidarity with the needs of all communities.

POLICY STATEMENT

3. All AS Board members and Staff may publicly state and display names AND pronouns to the community where feasible and appropriate to fulfill the purpose of this policy. This includes, but is not limited to; business cards, name tags, placards, email signatures, media posts, attendance sheets, sign-up/sign-in sheets, forms, personal introductions, apparel, etc.
