ARTICLE VI: CAMPAIGN PROCEDURES AND CONDUCT EXPECTATIONS

A. Mandatory Elections Code Meeting

All prospective candidates must attend a mandatory Elections Code meeting and sign the Code of Fair Campaign Practices prior to being allowed to run for office. The Elections Panel will make the training

accessible at various times to accommodate prospective candidates' schedules. Prospective candidates that fail to attend will not be eligible to run in the election. No proxies will be accepted. To ensure training is consistent, the initial session will be recorded and used during all subsequent training sessions. Additionally, questions and answers given during the various sessions will be transcribed and made available to all Candidates.

B. Candidate Responsibilities

The following are responsibilities which fall solely on the Candidate. Additionally, each Candidate is individually responsible for remaining in compliance with all rules and regulations set forth in the Elections Code. Candidates are also responsible to ensure that their Slate and Endorsers are also in compliance with the Election Code. Candidates and Associated Students are not responsible for the actions of students-at-large that are not affiliated with campaigns or the election; such instances will be deferred to the Office of Student Conduct. Candidates, Slates, and Endorsers are held to the same standard of conduct outlined in this Elections Code. Candidates/ Slates are implicated in any grievance filed against an official Endorser and thus it is important that Candidate(s)/ Slates have clear lines of communication with their official Endorsers. No endorsement shall be considered official unless the Candidate(s)/ Slate formally accepts the endorsement.

1. Candidates/ Slates must submit **all** campaign materials and posts for approval from the Elections Commissioner prior to posting. The Elections Commissioner will respond within 24 business hours. Posting anything related to candidacy prior to approval is a violation of the Elections Code. Candidates, Slates, and Endorsers do not need prior approval to post official AS elections materials.
 - a. All submissions shall be made electronically by submitting such materials in PDF or .mp4 format by email (electionscommissioner@asi.sfsu.edu).
 - b. Physical posters and campaign materials must be signed off in person by the Elections Commissioner or designated staff prior to posting. Physical posters and materials will not be signed off if they differ from those submitted by candidates and approved electronically by the Elections Commissioner.
2. Candidates must submit all individual and Slate social media account handles to the Elections Commissioner and allow the Elections Commissioner to follow such accounts for the entirety of the election cycle to ensure compliance with Elections Code guidelines. Social media handles include all platforms, including, but not limited to Facebook, Instagram, Reddit, Discord, Twitter, TikTok, etc.
3. If a Candidate or Slate wishes to create social media accounts specific for the elections (i.e. a slate Instagram account, a candidate-specific Reddit, etc.), that social media account cannot begin soliciting followers or community engagement prior to the commencement of the Campaign Period. This kind of social media account cannot be from a previous campaign and must only be used for the current election cycle.

4. Candidates agree to uphold the Code of Fair Campaign Practices to the best of their abilities, and agree not to engage in harassing, bullying behavior of any other individual. For the purposes of this policy, “bullying” constitutes behavior that any reasonable person would consider targeted, defamatory, rude, or otherwise uncivil language or actions aimed at a specific individual or group for the purpose of advancing one's interests within the context of the election. It is recommended that candidates focus on their own platforms rather than attacking other candidates’ platforms.
5. If, for whatever reason, a Candidate becomes aware that a faculty member, staff member, Endorser, or other affiliated party accidentally does something on behalf of or for the intended benefit of the Candidate(s) or Slate, the Candidate(s)/ Slate should take appropriate action to remedy the situation through actions that may include, but are not limited to: ask that positions or statements be rescinded or clarified, that posts get taken down, etc. The Candidate(s)/ Slate must also notify the Elections Commissioner via email of the offense, who committed it, and what was done to remedy the situation in a timely fashion (i.e. within one business day of the Candidate(s)/ Slate learning of the offense). It is expected that Candidate(s)/ Slates are immediately responsive to such offenses and that they do everything to remedy the situation as soon as it is brought to their attention. This acknowledgement on behalf of the Candidate(s)/ Slate does not necessarily absolve the Candidate(s)/ Slate should a grievance be filed against them for these actions, but it demonstrates no ill will or intention on behalf of the Candidate(s)/ Slate, and will be considered by the Judicial Council as an acting in good faith. Depending on the scale and severity of the offense, Candidate(s)/ Slates may face potential disciplinary action as decided by the Judicial Council and in accordance with the Grievance Policy.

C. Fair Campaigning

The following applies to all Candidates, Slates and those Endorsing candidates. Violations shall be forwarded to the Judicial Council for adjudication and possible disciplinary action, which may include disqualification from the election.

1. Candidates shall not campaign during any Board meetings; committee meetings; and Associated Students events, unless the event explicitly allows for campaigning with equal opportunity and access to all Candidates and participants.
2. Candidates employed by Associated Students, University, or University vendors shall not campaign during employment hours or use their position to influence the election. Residential Assistants (RAs) may have additional restrictions placed upon them by Campus Housing, but regardless, are not allowed to campaign in any manner that takes advantage of their position of authority to solicit votes from students.
3. Candidates shall not solicit or accept Endorsements, campaign materials, and/or assistance or funds from any University administrative staff or faculty members. Candidates may request that such persons assist in the general promotion of Associated Students elections and voting but cannot endorse or forward individual candidates’ materials or candidacy information.
4. Candidates may campaign in classrooms with the instructor’s permission if it does not disrupt

classroom instruction. Candidates shall abide by the Code of Fair Campaign Practices when doing so.

5. Candidates may not have faculty, staff, or anyone affiliated with Associated Students or the University send campaign emails or materials on their behalf. Such actions would constitute a theoretical Endorsement and are therefore prohibited. Candidates are responsible for ensuring that this restriction is made clear to faculty and staff that they engage with. If any staff person wishes to advertise anything related to the election, it must only be official AS Elections materials.
6. Students shall not campaign in any form prior to becoming Candidates. All eligible students as determined by the Dean of Students' Office shall be recognized as Candidates at the mandatory Election Code meeting. Any qualified students who fail to attend the mandatory Election Code meeting without verifiable excuse shall be disqualified from the election. Students that begin campaigning prior to candidacy will get a warning that can be tacked on to official grievances should one be filed against them.
7. Candidates, Slates, and Endorsers shall not use abusive or threatening language and/or physical force against other Candidates, Slates, Endorsers or Voters whether in person or online.
8. Candidates, Slates, and Endorsers shall not deface or remove another campaign's election material.
9. Candidates, Slates, or Endorsers shall not attempt to unduly coerce, bribe or require a Voter to vote for a specific Candidate or Slate whether in person or online.
10. Candidates, Slates, or Endorsers shall give voters unhindered privacy when voting. Candidates shall remain 15 (fifteen) feet away from any eligible Voter who is voting.
11. Candidates, Slates, and Endorsers shall not provide Voters with personal electronic devices with internet accessibility to solicit votes. Such devices include, but are not limited to, cell phones, laptops, and tablets.
12. By signing and submitting the Code of Fair Campaign Practices, Candidates are agreeing to abide by additional regulations of conduct as listed and indicated on the form, which may or may not be explicitly stated in this Election Code.
13. Grievances shall be filed within the intended purpose of the Grievance procedure, as determined by the approved Grievance Policy.
14. The use of email is permitted with the following stipulations:
 - a. Emails shall only be sent to persons that the Candidates, Slates and/or Endorsers personally know or are involved with in University-related activities or organizations. Email addresses shall not be obtained from a third party. Emails shall not be sent to students uninvolved with the Candidates, Slates and/or Endorsers. Excessive emailing may be considered as a form of spamming and is prohibited, as determined by the Judicial Council.
 - b. Messages on social networking websites are not considered emails.

15. iLearn/Canvas shall not be used for obtaining student information, emailing, or contacting and outreaching to students.
16. Candidates may share, post, and provide the link to the ballot and official Associated Students website to Voters.
17. Door-to-door campaigning shall not be permitted in places of residence such as, but not limited to: Apartments; houses; all SF State Residential Community housing; etcetera, as well as University classrooms and the Student Organization offices in the Cesar Chavez Student Center.
18. Candidates interested in campaigning during student organization meetings must get explicit written permission from the organization's leadership prior to presenting. Such correspondence should be maintained and provided to the Elections Commissioner if requested. Failure to provide proof of permission when requested will be interpreted as lack thereof.
19. Campaigning and posting in all SF State Residential Community areas shall be approved by the Area Coordinators of that Residential Community. The approval from the Area Coordinator shall be in writing and directly forwarded to the Elections Commissioner via email. Candidates shall adhere to the "Posting Guidelines for Non-Residential Life Sponsored Organizations and Vendors in the SF State Residential Community" and other restrictions and regulations set forth by the Area Coordinator, Director of Residential Life or other designated personnel.
20. Candidates employed as Resident Advisors (RAs) shall adhere to all policies, procedures and conduct expectations set forth by Residential Life and are encouraged to inform their managers, supervisors, etcetera of their candidacy and involvement in elections.
21. Campaign posting in the J. Paul Leonard Library shall only be permitted on public bulletin boards and with appropriate permission from library staff. All other forms of campaigning shall adhere to the Code of Conduct (<https://library.sfsu.edu/code-of-conduct>) set forth by the facility.
22. Campaign posting in the Cesar Chavez Student Center (CCSC) shall only be permitted on public bulletin boards and must be provided to the information desk who will post them. Campaigning shall be permitted in the public spaces of the Plaza Level, Lower Conference Level and Recreation and Dining Level. Candidates, Slates and Endorsers shall adhere to all rules and regulations of the CCSC, which are available in the Room and Reservation Handbook (<http://asi.sfsu.edu/meeting-events/#reserve>).
23. Campaign posting in the Mashouf Wellness Center (MWC) shall not be permitted.
24. Written approval with the contact information of an authorizer, such as department chair; Student Organization president; etcetera, must be submitted to the Elections Commissioner via email in order to post on designated departmental or official bulletin boards.
25. Campaign posting shall not be permitted on walls, doors, windows, plants, lampposts or garbage receptacles on University grounds. Candidate postings on all public bulletin boards shall be limited to 1 poster per physical bulletin board per candidate. Slates may also post 1 poster per physical bulletin board. Postings shall not block or obscure another Candidate's poster.

26. Campaign posting and material shall not be placed in such a way as to obstruct pedestrians or automobile traffic. All posting shall adhere to the University Time, Place and Manner policies.
27. All physical campaign material should be removed within forty-eight (48) hours of the closing of polls.

ARTICLE VII - WITHDRAWAL OF CANDIDACY

Candidates may withdraw from the election by informing the Elections Commissioner (electionscommissioner@asi.sfsu.edu) of their intent to do so in writing via email 72 hours prior to the start of the Voting Period. Candidates can rescind their candidacy at any time, but we cannot guarantee that their name will be removed from the ballot if notice is given after the start of the voting period.

ARTICLE VIII - ENDORSEMENTS

Endorsements are official stances from student organizations on campus in support of particular Candidate(s) or Slate. No student organization can post or repost specific Candidate or Slate campaign material on their official website, social media, or other platforms without first filing with the Elections Commissioner using the Endorsement Form. This does not restrict individual students belonging to student organizations from supporting their preferred Candidate(s) or Slate. Endorsements are limited to an official stance of an organization. Endorsers may repost or post specific Candidate or Slate campaign materials with the permission of those that they are seeking to endorse. All materials must be approved by the Elections Commissioner prior to initial posting. For the purposes of this Elections Code, an Endorsement is when a recognized student organization of SFSU gives public approval or support for Candidate(s) or a Slate in the election. Endorsements are limited to recognized student organizations belonging to the campus. Slates cannot solicit endorsements from student organizations that have already endorsed another slate.

Endorsements by entities or groups outside of the campus will not be considered, and Candidate(s) or Slate(s) must not accept or allow these forms of Endorsement. Accepting an endorsement from an entity not affiliated with SFSU is a violation of the Elections Code, and shall be forwarded to the Judicial Council for adjudication and possible disciplinary action, which may include disqualification from the election.

Endorsers should inform Candidate(s) and Slate(s) before they officially file to ensure the Candidate(s) and Slate(s) accept their endorsement. Candidate(s) and Slate(s) will be notified via email by the Elections Commissioner once an Endorsement Form has been filed. Furthermore, it is the responsibility of the Endorsers and those that they endorse to ensure compliance with all pertinent sections of this Elections Code. For the purposes of the Election, grievances filed against official Endorsers implicate the

Candidate(s) and/or Slate(s) in their actions, as the Endorsers officially represent the Candidate(s) and/or Slate(s) they endorse.

ARTICLE IX - WRITE IN CANDIDATES

- A. When voting, students may enter an alternate name into the ballot to cast a vote for a write-in candidate.
- B. Applicants for candidacy who were disqualified are not eligible to become a write-in candidate for the same election cycle.
- C. Write-in candidates must meet the same qualifications for candidacy as official Candidates, as determined by the Dean of Students and are subject to the same rules and regulations set forth in this Election Code and AS Bylaws. In the event that a write-in candidate receives the most votes but is not eligible to hold office, the next qualified runner-up shall win the election.
- D. Students shall file their intent to become a write-in candidate through email with the Elections Commissioner at any time up to 12pm on the final day of the Voting Period. Students must include a signed Code of Fair Campaign Practices in their email.

ARTICLE X - RESTRICTIONS AND ROLE OF ASSOCIATED STUDENTS

This includes, but is not limited to, wearing or using the AS logo while campaigning, utilizing AS office space or supplies to create/ distribute campaign materials, utilizing any AS platform (virtual or in person) to advocate for specific candidate(s) or slate(s), etc. All individuals associated with

AS must maintain reasonable neutrality regarding the election, candidates, slates, or endorsements while working on behalf of AS. Student staff and incumbent Board members cannot campaign or advance their or anyone's candidacy or slate while working in any capacity on behalf of Associated Students. San Francisco State University students may vote with a valid student ID number. Students are only permitted to vote once throughout the entire Voting Period. Ranked Choice Voting shall be used to administer elections. Students of the College of Extended Learning and foreign exchange students are ineligible to vote. The ballot shall be accessible 24/7 during the Voting Period. Additional information and instructions on voting shall be provided prior to the Voting Period.

- A. All Voters are eligible to vote for Executive Committee Candidates, Issue Director Candidates, and Student Organization Representative Candidates
- B. All Voters are encouraged to complete the ballot in its entirety to cast their votes but it is not necessary for their ballot to be processed
- C. Voters are not required to vote for all Candidates in a given Slate
- D. Voters must submit one ballot only; voting on the behalf of another Voter is strictly prohibited

The following pertains to votes casted for College representatives:

College representative Candidates can only obtain votes from the current constituents of the class or Academic Division they are seeking to represent. For example, students with current graduate standing are eligible to vote for the Candidate running for the Graduate Representative; students enrolled into the College of Business are eligible to vote for the Candidate running for the Business Representative. All other positions that are inapplicable to the Voter shall not appear on their ballot.

B. Polling Places

Due to the COVID-19 induced hybrid modality, voting shall take place digitally and be accessible online for all Voters. If COVID-19 restrictions allow, AS will also make every effort to have a physical voting location accessible in the Cesar Chavez Student Center during business hours. The Elections Commissioner is responsible for publishing instructions at least 72 hours before the election period begins explaining how students may access the ballot and information to make an informed vote.

Candidates, Slates and Endorsers shall not create their own voter educational materials but are encouraged to repost official instructions from the Elections Commissioner.

C. Ballot Count Reporting

Ballot counts will be provided each day of the election period except the first day. The count shall be posted on the AS website and may appear on AS social media.

D. Unofficial Election Results

The unofficial election results shall be made available on the Associated Students website by noon on the first business day after the closing of the polls. Results are considered unofficial until all grievances have been adjudicated by the Judicial Council in accordance with the Elections Code and Grievance Policy. Once all Grievances have been settled, the election results shall become official.

If an Unofficial Winner is disqualified prior to the Inauguration or resigns within sixty (60) days of the new Board term, the runner-up shall assume the position.

All vacancies shall be filled by the incoming Board through the approved Appointment Policy.

Run-off elections and ties shall be administered as a special election, as outlined in the Bylaws.

ARTICLE XIV - GRIEVANCES

All Grievances must be submitted in writing utilizing the Grievance Form within 72 hours of the alleged violation. Grievances are limited to violations of the Elections Code, Code of Fair Campaign Practices, and rules and restrictions set forth and communicated to Candidates by the Elections Commissioner following the procedure outlined in this policy. After reviewing the Grievance to ensure that all sections are properly filled, the Elections Commissioner will then forward the documents in their entirety to the Judicial Council, who will hold an open meeting with the Claimants and Defendants to hear arguments, see evidence, and adjudicate the Grievance in accordance with the Grievance Policy. If the Elections Commissioner determines that the filed Grievance is incomplete or lacking information, they will contact the Claimant to further clarify/ instruct on what is necessary for the Grievance to be considered. If it is determined that the matter falls outside of AS's scope of authority, such cases will be forwarded to the appropriate campus or external entity, and the Claimant will be informed of such actions and instructed on next steps if relevant.

Those seeking to file a Grievance should review the Elections Code and make a concerted effort to pinpoint which section(s) are in violation either through citation, direct quotation, or both (i.e. Article VI, Section C. 21, "Campaign posting in the Mashouf Wellness Center (MWC) shall not be permitted."). Note that a single Grievance may be in violation of multiple sections of the Elections Code; it is in the Claimants best interest to reference all relevant sections in their Grievance Form. Individuals filing the Grievance should also make every effort to provide pertinent information, statements, and evidence to better demonstrate their claim. Such evidence may include, but is not limited to, witness statements, photos, screenshots, etc.

All determinations by the Judicial Council shall be considered final unless formally appealed in accordance with the Grievance Policy. All determinations by the Judicial Council will strictly adhere to the Elections Code, Code of Fair Campaign Practices, and rules and restrictions as communicated to all Candidates by the Elections Commissioner. To ensure consistency, all members of the Judicial Council and Elections Panel shall receive the same training on the Elections Code as the Candidates during the mandatory Elections Code meetings, and shall receive copies of all written correspondences sent by the Elections Commissioner to all Candidates pertaining to the Elections Code and its application. This may include, but not limited to, clarification of what a specific section means, further explanation of how the Elections Code is being implemented, any changes or interpretations of what is written in the Elections Code and how it is being applied, etc.

The deadline to file a Grievance related to Candidate(s)/ Slates is the 24 hours following the end of the Voting Period as specified in the Elections Timeline, 11:59pm. Grievances specifically pertaining to the

unofficial elections results or vote tabulation must be filled within 24 hours of the publication of the unofficial election results. Grievances filed after these time frames shall not be considered.

ARTICLE XV - ELECTIONS TIMELINE

In order to ensure consistent guidance and to better institutionalize the AS Election, the timeline will remain closely consistent with historical timelines, but allow for minor variation based on best recommendations by staff to align with/ accommodate the academic calendar. Once published, the timeline will be strictly upheld unless amended by the Elections Commissioner and Executive Director in accordance with this policy. A timeline with the specific dates shall be made available before the beginning of the Elections season each year for transparency.

 - a. If there is an error that you wish to correct, contact the Dean of Students' office to resolve the issue before the end of the Qualification Correction Period
4. Attend a mandatory Elections Code meeting to ensure familiarity with the restrictions and responsibilities of being a candidate
5. Notify the Elections Commissioner of any social media handles that you will use to campaign
6. Ensure that all campaign materials are emailed to the Elections Commissioner (electionscommissioner@asi.sfsu.edu) and receive approval prior to posting!
7. If you find like-minded individuals and you would like to run as a Slate, file a Slate Form before the deadline.
8. If you notice that a Candidate/ Slate/ Endorser is in violation of the Elections Code, file a Grievance using the Grievance Form to hold them accountable; **do not** take it upon yourself to hold others accountable for violating the Elections Code.
9. Attend and participate in events hosted by the Elections Panel, including candidate debates.
10. Encourage students to vote during the voting period by posting your own materials and resharing official AS Elections promotional materials

How to Form a Slate:

1. When you are considering running for office, talk with fellow student leaders or peers that may be interested in also running for office. Candidates will also have the opportunity to meet one another during the mandatory Elections Code meeting!
 - a. Note that Slates do not have to fill every vacant position and may comprise as few as two candidates.
 - b. It is recommended that Slates run on a similar platform to better educate the student body on what you and your fellow members wish to accomplish/ stand for.
 - c. Only one candidate per position can run on the same Slate
2. Once you've assembled individuals that wish to run on a similar platform or together as a group, choose a designated Slate Manager that will be responsible for filing the Slate Form by the deadline. You must file this form for your Slate to be officially recognized.
3. Keep in contact with members of your Slate! Promote each other's approved posts. Discuss platform ideas or strategies if you so desire. You chose to run alongside these student leaders, so work together to bring attention to your cause and candidacies!
 - a. Note that individuals are elected, not Slates, so students are free to choose the individual they wish to vote for on the ballot and are not locked into voting for all members of a singular Slate.

How to Endorse a Candidate:

1. Connect with Candidates/ Slates and learn about their platform prior to considering formally endorsing them.
2. Receive permission from the Candidates/ Slate your organization wishes to Endorse to ensure that they accept your Endorsement
3. Ensure that all members of the organization are familiar with this Elections Code as violations made by an official Endorser can result in a formal Grievance against the Candidate(s)/ Slate they are endorsing
4. Have officers of the organization (i.e. President or other executive member authorized to make decisions on behalf of the organization) file an official Endorsement Form before the deadline.
5. Make sure that all campaign materials that you are reposting are in compliance with this policy and that they have been approved by the Elections Commissioner prior to posting
6. Share official Voter information with students to encourage them to vote!

Where can I learn more about the different positions?

Information on all elected and appointed Board positions can be found in the Duties & Expectations Policy, with additional information available in the AS Bylaws.

How do I file for Candidacy?

Fill out the Candidacy Application Form before the Filing Period Deadline specified in the Elections Timeline. The Dean of Students Office will be in contact regarding your qualification status. If your qualification check comes back meeting the minimum requirements to hold office (pg. 6-7), a staff person

from Associated Students will be in contact regarding next steps, including information for the Mandatory Elections Code meeting.

I didn't meet the qualifications but I think there was an error; what do I do?

Please reach out directly to the Dean of Students Office to double check and get more information about why you may not be qualified. All qualification checks and corrections must be done through the Dean of Students. If there was an error, the Dean of Students Office will directly notify Associated Students of the error and change your status from unqualified to qualified. All correspondences dealing with qualification shall remain private and will not be shared outside of select staff members. Furthermore, AS staff will not know the details of why a student is not qualified; we will only receive an affirmative or negative response directly from the Dean of Students Office.

Do I need to get ALL my campaign materials approved prior to posting?

YES. All materials must receive the explicit approval of the Elections Commissioner prior to posting. Failure to get materials approved prior to posting is a violation of this Elections Code and may result in a formal Grievance or other consequences. When in doubt, seek clarification from the Elections Commissioner prior to taking any action.

When can I start telling people about my Candidacy?

Following the Qualification Correction Period, beginning on the day that the Official List of Candidates is released in accordance with the Elections Timeline.

I changed my mind and no longer want to run for office; what do I do?

Please email the Elections Commissioner with your intention to withdraw your candidacy as soon as you make your final decision. Ideally, try to notify the Elections Commissioner at least 72 hours before the beginning of the Voting Period to ensure that your name can be removed from the ballot in time.

I can't attend the scheduled mandatory Elections Code meeting; what do I do?

The Elections Commissioner will record the initial Elections Code meeting and can set up a meeting with you to go over the training! Please email the Elections Commissioner so that we can set up a meeting that works for you. The Elections Code meeting is mandatory for all candidates, so it is important that you receive this training.

I have a conflict or issue with a Candidate/ Slate that I think is in violation of the Elections Code. How do I file a Grievance?

Read through the Elections Code and pinpoint which section(s) you believe are being violated. Gather evidence of the offense, including pictures, screenshots, witness testimony, etc. to better demonstrate the

violation and to provide the Judicial Council with context. Then, file an official grievance using the Grievance Form within 72 hours of the offense. The Elections Commissioner will be in contact with follow up information, including a hearing date or if they have any clarifying questions before they move your grievance to the Judicial Council for adjudication.

Additional questions? Email the Elections Commissioner (electionscommissioner@asi.sfsu.edu).

CODE OF FAIR CAMPAIGN PRACTICES

There are basic principles of decency, honesty and fair play which every Candidate for public office in the State of California has moral obligation to observe and uphold, in order that, after vigorously contested, but fairly conducted campaigns, our citizens may exercise their constitutional right to a free and untrammelled choice and the will of the people may be fully and clearly expressed on the issues.

THEREFORE,

I SHALL CONDUCT my campaign openly and publicly, discussing the issues as I see them, presenting my record and policies with sincerity and frankness, and criticizing without fear or favor the record and policies of my opponents or political parties which merit such criticism.

I SHALL NOT USE OR PERMIT the use of character defamation, whispering campaigns, libel slander or scurrilous attacks neither on any Candidate nor their personal, nor family life.

I SHALL NOT USE OR PERMIT any appeal to negative prejudice based on race, gender, sexual orientation, religion, national origin, disability, citizen status, or age.

I SHALL NOT USE OR PERMIT any dishonest or unethical practice which tends to corrupt or undermine our San Francisco State University system of free elections, or which hampers or prevents the full and free expression of the will of the voters including acts intended to hinder or prevent eligible persons from registering to vote, enrolling to vote, or voting.

I SHALL NOT coerce election help or campaign contributions for myself or for any other Candidate from my employees.

I SHALL IMMEDIATELY AND PUBLICLY REPUDIATE support deriving from any individual group or which resorts, on behalf of my candidacy or in opposition to that of my opponent, to the methods and tactics which I condemn. I shall accept responsibility to take firm action against any agent who violates any provision of this code or the laws governing elections.

I SHALL DEFEND AND UPHOLD the right of every qualified San Francisco State University voter to full and equal participation in the electoral process.

I, the undersigned, Candidate for the election to public office in the State of California on San Francisco State University campus hereby voluntarily endorse, subscribe to, and solemnly pledge myself to conduct my campaign in accordance with the above principles and practices.
