

Official Statement in Solidarity with the LGBTQ+ Community

Authored by Andrea Soto in collaboration with the Associated Students QTRC

SAN FRANCISCO, March 12, 2025 – We come to you in solidarity as our campus is a diverse community that includes the LGBTQ+ community. We hear and see the transgressions of hate and discrimination towards this community, and condemn these cruel actions that impede our students' freedom to explore and celebrate their many identities. Associated Students stands in unity with our queer & trans students and promise to embrace, uplift, and support them during these trying times.

We come as one to acknowledge, recognize, and respect the reality of gender identity, and our students' correct chosen names and pronouns. We welcome you to continue teaching us about your community, as it enriches our knowledge and helps our campus grow closer as one environment.

We offer our support as a board and our offices are open to you all, along with the many queer, trans & allied programs and AS resources that we continue to support. We stand with the LGBTQ+ community and continue to push for their freedom of expression and visibility on our campus. We strongly encourage others to stand in solidarity with our queer & trans students and faculty, who will find a place to belong and feel safe in in the Cesar Chavez Student Center

Here below you will find a few of our resources from our campus and AS programs:
